

K2 MMA 200

Lightweight and portable arc welding power source from K2 by Kemppi range. Suitable for all types of MMA electrodes and for outdoor use with generators. TIG welding with Lift TIG capability.

Applications

- Metal workshops
- Construction industry
- Repair and maintenance
- Agriculture

Key Highlights

- Inverter-based single-phase efficient MMA welding solution
- Suitable for workshop and on-site applications
- Contact ignition DC TIG (Lift TIG)
- Built-in hot start and arc force adjustment for optimized starts and arc control
- Suitable for use with power generators

Technical Specifications

K2		MMA 200
Connection voltage	1 ^φ , 50/60 Hz	230V
Current range	A	10-200
Open circuit voltage	V	85-95
Stick electrode	Ø	1.5-4.0mm
Duty cycle MMA/TIG		20% / 200A @ 40°C
Display		Digital display
Cooling		Forced air cooling
Dimensions	L x W x H (mm)	440 x 180 x 320
Weight	kg	7.5

The product comes with Trafimet Italy torches and accessories. For more information, visit www.trafimetgroup.com.
